

Fibre Broadband Offer

We are forced to provide this Critical Information Summary as most providers try to trick you into fees and charges. We have nothing to hide and this is the same as the page you have just come from.

Information about the service

NewSprout's Fibre Broadband service supplied over Opticomm, LBNCo or YNBN Infrastructure to your premises.

We will perform a Service Qualification of your number/address. If successful we will provide the fastest speed available for your purchased plan.

Please note the name of the plan is not necessarily the speed you will get. It is the theoretical maximum speed that can be achieved.

These Fibre companies may charge a \$300 new development fee if it applies to your premises. This fee will apply to the 1st connection in a newly developed area or the 1st connection in an established area (where the number of premises has increased).

The Fibre companies and their backhaul providers are in control of the Connectivity Virtual Circuit's (CVC's) and end user demands. If you do not get the full speed of the plan you purchase these are some of the reasons why:

- i). These Fibre companies on-sell bandwidth and ports and tails to us the Internet Service Provider's (ISPs) or Retail Service Provider's (RSP's). If enough bandwidth is not purchased, the CVC bandwidth will be affected which will in turn slow down your service. We will challenge them on your behalf if this ever becomes an issue.
- ii). The Fibre pricing is competitive with the NBN™ however it is still very high comparative to the rest of the world, making bandwidth pricing expensive.
- iii). The ISP's or RSP's (like ourselves, NewSprout, and others), the actual Service Providers who sell these Fibre services are dependent on the wholesale providers above. But we are here to help you as much as we can to get the best out of your service.

CRITICAL INFORMATION SUMMARY

Information about pricing for the below plans

How much will I pay upfront? The monthly fee + Activation Fee + New Development Fee (only for a 1st time connection)

Minimum Cost: Monthly Fee + \$120 Activation Fee + \$300 New Development Fee (The Activation Fee and New Development Fee is passed on from the above companies)

How much will I pay each month? The monthly fee in the below table

Setup Fee: \$120 Activation Fee

Modem/Router: Wi-Fi Modems/Routers are available for purchase (configured and ready)

Minimum Monthly Charge:

NBN Plan Name	Setup Fee	Setup Fee	Minimum Monthly Charge	Cost per
25/5 Unlimited	\$300.00	\$120.00	\$69.00	-
50/20 Unlimited	\$300.00	\$120.00	\$79.00	-
100/20 Unlimited	\$300.00	\$120.00	\$99.00	-
100/40 Unlimited	\$300.00	\$120.00	\$119.00	-
250/50 Unlimited	\$300.00	\$120.00	\$169.00	-

For a cancelled service:

- No cancellation fee.
- The final monthly invoice is due in full. But no other monthly payments will be due, there is no contract locking you into future monthly payments.
- Please Note: No part-refunds or full-refunds will be provided by NewSprout for the final month for any cancelled service. Failure to give cancellation notice of the service before the next invoice's Due Date, or if the service is still active for part of the following month after cancellation has been requested, will result in an additional monthly invoice being generated. This invoice (together with any outstanding invoices) will become the final payment that is due in full.

In summary:

- After cancellation, the final Month to Month bill is due in full together with any unpaid and/or outstanding fees

Peak/Off Peak Allowance: We have an unlimited allowance. There is no separate Peak or Off Peak data.

Speeds: The speeds offered on NewSprout's website are the speed tiers offered by the above Fibre companies, however these are the theoretical maximum speeds with no guarantees offered. The access provider/s offer no guarantees.

Excess Usage: No Excess Usage

CRITICAL INFORMATION SUMMARY

CRITICAL INFORMATION SUMMARY
